NEW ENGLAND'S CULTURAL DATABASE

April Cue & A:

Why is NEFA conducting a financial survey of cultural nonprofits?

NEFA has surveyed the arts and culture nonprofits of New England periodically since 1978 to demonstrate the impact of the region's creative sector and advocate for its support.

Our research shows that nonprofit cultural organizations make a \$3.7 billion economic impact on New England communities [visit [NEFA Publications](#) for reports]. In order to keep these numbers precise, and consequently more potent in cultural advocacy efforts, we need your help. Please submit your survey to help the arts and culture sector make its case to funders and policy makers!

The survey form is based on the IRS form 990 to allow small and embedded organizations to be compared with the larger, independent 990-filing organizations. The CultureCount Team will send out announcements once the survey data is analyzed and published.

Having trouble accessing the survey? View this [short walk-through](#). Remember: You'll need to [Sign In](#) to access the survey.

Where is this information found in CultureCount?

If your user account is associated with an organization, you can access financial information by clicking on [GET PERSONAL - View my organization's financial data](#). Once the survey data is collected, we will notify CultureCount users when the new data has been uploaded onto the site.

NOTE: You will have to [Sign In](#) to access the financial data.
